

DOPO 9-inch Tablet Battery Replacement

Removing the back cover of the tablet and replace the battery.

Written By: Kyriakos Pavlides

Step 1 — Battery

- Unscrew and remove the screws from the top of the tablet.

Step 2

- Remove the back cover of the tablet.

Step 3

- Remove the soldering of the wires coming from the battery connected to main circuit board. Also, remove the tape.

Step 4

- Replace the old battery with a new one and solder the wires of the new battery as shown on the main circuit board.

To reassemble your device, follow these instructions in reverse order.
